# THE GENERAC PROMISE

\* Built in the USA using domestic and foreign parts.

## WE'LL BACK YOU UP. WE'RE STANDING BY. COUNT ON IT.

The Generac Promise means that we guarantee that our 8 – 22 kilowatt Guardian® Series home standby generators will give you peace of mind and the power to live. It means that we engineer and build them here in America. It means we stand behind them with a strong 5-year limited warranty. We promise to continue to innovate, like with our Mobile Link™ cellular monitoring system, so you'll know the status of your generator, no matter where you are. And if you ever need to call, we're standing by 24/7, every minute of every day, ready to pick up the phone right here in Wisconsin.

Reliable. Dependable. We promise.

Since 1990, demand  
for electricity has  
increased

**400%**

putting your  
power at risk.

1-888-GENERAC

# CONTROL YOUR POWER. YOUR LIFE.™

At Generac, we protect the things that power your life by providing quality, affordable power solutions. Since 1959, we've focused primarily on power generation, and we now offer more generator solutions than any other manufacturer.

When you choose Generac, you're choosing to have peace of mind and the power to live. The broadest home standby generator product line means that you can have the exact amount of coverage you need. Automatic backup power means your home is always protected—even when you're away.

“MY FAMILY'S GOING TO BE SAFE AND SECURE IN MY HOUSE BECAUSE OF THIS GENERATOR. THAT GIVES YOU THAT FEELING OF SECURITY THAT, TO ME, IS PRICELESS.”

- Greg Baeppler

## POWER. OUR LIVES DEPEND ON IT.

From essentials like heating, cooling and lights, to daily necessities like cooking, laundry and the kid's bath-time, our lives run on electricity. Unfortunately, our modern lifestyles are in ever-greater jeopardy; power outages are occurring more frequently than ever and lasting longer, with devastating effects. Protect your home and family with a Generac automatic standby generator and keep life going without disruption.

## TOP CAUSES FOR POWER OUTAGES

Source: Generac Power Outage Explorer 2014

### IMAGINE YOUR LIFE **WITHOUT POWER.**

- Refrigeration/freezer for food and medicines
- Furnace
- Air conditioning
- Lighting – inside and outside
- Clean water for drinking and bathing
- Sump pump
- Kitchen appliances
- Contact with the outside world; Internet, cell phone chargers, TV, radio and more
- Washing and drying clothes
- Security system
- Garage door opener
- Fans
- Medical equipment
- Charging power tools for use during the emergency and post-outage cleanup
- Monetary loss from temporary relocation, hotel costs, dining out, property damage, etc.

## HOW IT WORKS

If your power goes out, your generator comes on – automatically. **It's really that simple.**

The generator system consists of a generator and transfer switch. The generator sits outside of your home or business just like a central air conditioner, while the transfer switch is located next to the main breaker box, and in some cases replaces it entirely.

- 1 Utility power is lost.
- 2 Generator automatically detects a problem.
- 3 Generator automatically turns on.
- 4 Electricity is automatically restored.

# THE #1 NAME IN HOME STANDBY POWER

Consumers choose Generac automatic generators not only for their proven reliability, but also for the innovative features engineered with home and business owners in mind.

## FEATURES:

- **Generac OHVI® Engine**  
Purpose-built for generators to withstand extended run times
- **True Power™ Technology**  
Utility grade power
- **Durable Powder-Coat**  
All-weather enclosures
- **Convenient Installation**  
Certified for optimal placement 18" away from a building
- **Quick, Quiet Exercise Test**  
Exercise test ensures generator is functioning properly—choose weekly, bi-weekly or monthly  
*Extra quiet operation during scheduled cycle on 16, 20 and 22 kW.*
- **Mobile Link™**  
Remote cellular monitoring for added peace of mind  
*\*sold separately*
- **Evolution™ Controller**  
Smart, user-friendly controls
- **Power Management System**  
Intelligent power management allows for more coverage with a smaller generator
- **Fuel Options**  
Ability to run on natural gas or LP fuel

## TOUGH. RELIABLE. PURPOSE-BUILT.

Generators are often required to run for hours, days or even weeks at a time. Continuous use can cause a lot of strain on engines not specifically engineered to withstand extended run times. We have developed robust engine solutions to ensure our generators provide the reliability necessary to power through these situations.
